Hello all,

Great news, I've approved the remaining leveraging projects and SMBNEP is officially a wrap for this year. Marcello and Jack, thanks for your timely submission, descriptive information, and continuing support to this national program by sharing what your NEP is doing or has accomplished over the past year. The reason why we succeed is because of the work you do, which we all appreciate at EPA.

Erica, thanks for doing your part in reviewing and sending those projects up my way for final review. You were new to this process but that didn't stop you from helping us cross the finish line. Glad to have you alongside to support SMBNEP.

With that, wish you all a nice weekend.

Vince

Hi Vince,

We are re-submitting now, after seeing the latest feedback on how to treat the federal funds coming via the non-profit NFWF.

Regards,

Marcelo

Hi Marcello,

I'm waiting to see these two leveraging projects related to NFWF so I can include them in my final numbers to submit by today. I'm afraid this is a hard deadline and I want to make sure everything gets counted from SMBNEP. Hope my comments should be clear; otherwise, please contact me.
